17 March 1966

1. Patch Test [REDACTED] called to check on whether or not we had briefed the FBI on the results of [REDACTED] Patch Test. I checked and found that this had not been done inasmuch as Mr. Angleton had been out of town for several weeks. I telephoned Mr. Angleton and asked him to do this immediately as Mr. Helms had placed this high on the list. The briefing should occur some time during the week of 21 March.
